NEW EYES FOR OLD

Professor E. Guyenot, a Swiss scientist, has lately announced that after patient and prolonged experimentation he has succeeded in substituting new eyes for old in an aquatic salamander.

After removing a salamander's eyes, he has replaced them with other eyes that have, in time, established nerve connection with the salamander's brain and made it possible for the salamander to see again.

Whether this experiment will ultimately enable blind men to find new eyes for old is a matter that can only be determined by long experimentation with higher animals.

But whatever the outcome of the experimentation to which this fascinating result may lead, it suggests an interesting analogy that is worth playing with for a moment. We are ever in need of new eyes

for old in our intellectual development.

It behooves us to pay at least as much attention to our "insight" as we pay to our "sight."

In our outlook upon men and affairs we maintain clarity and health of vision only by eternal vigilance.

We sometimes become so far-sighted we cease to be practical. We sometimes become so near-sighted that we cease to be progressive. Our intellectual vision as well as our physical vision alters with age.

Men who keep alive intellectually are aware of this ageing of insight; just as they take measures to correct their failing physical vision, so they take measures to preserve the clarity and health of their intellectual insight.

They read; they sedulously cross-examine their opinions lest they fall victim to fixed notions; they fraternize with youth; they refuse to isolate themselves from men who differ from them.

There are a thousand things that may be to a man's mind what spectacles are to his eyes—correctives of false vision. The wise man bestows care upon the eyes of the mind.

GREAT BOOKS

Dr. Harry Emerson Fosdick has written a pamphlet called "A Man and His Reading," which calls attention to the fact that the great books of today are books of universal service.

When it comes to great books, such as those of Shakespeare and Goethe and Victor Hugo, it will be found that they appeal to the masses. The conscience of Jean Valjean or Macbeth, and the sorrows of Wer-

"Sign for Safety"

The Second Series of Wheat Pool Contracts

SAFETY because it is a farmer-owned and controlled co-operative Association which markets over fifty per cent of Canada's wheat crop.

SAFETY because it guarantees to the farmers every cent paid by the consumer minus only the minimum costs of marketing.

SAFETY because it increased the farmers income and independence by giving him a voice in the selling of his crop.

SAFETY because it insures the farmer against the losses and uncertainties caused by fluctuating speculative markets.

SAFETY because of low handling costs. The total annual expenses of operating the Alberta Wheat Pool in 1923, 1924 and 1925 was less than one-half a cent per bushel. The total expense of the Central Selling Agency in 1925-26 was one-fifth of a cent per bushel.

SAFETY because the Pool employs experts to handle and sell its grain.

SAFETY because Pool elevators guarantee fair weights, grades and dockage and good service.

SAFETY because the Pool merchandises wheat as the demand arises and thus avoids depressing values by offering more than the consumer will take at fair prices.

SAFETY because the sole aim of Pool salesmen is to get the true value of wheat for its members.

seriously ill for some time, and the end was not unexpected. Mr. Hall was 55 years of age, and was born in England, but left there as a young man and came to the South-western States. Some four or five years ago he and his family came to the Macleod district, taking up land and farming in an extensive way in the Stand Off and Lone Rock district on the Kootenay River. He is survived by Mrs. Hall, one daughter and three sons, all at home and working the farm. For the short time that Mr. Hall has lived in the district he and his family have made a host of friends, and much sympathy is felt for the bereaved family in their sad loss. The pall bearers at the funeral were Ed Whipple, Walter Hovis, J. Hiner, Jack Cotton, Jock McLennan and Frank Walsh.

GEORGE (SCOTTY) WELCH DROWNED IN OLD MAN RIVER

A drowning accident occurred last Saturday afternoon in the Old Man river about a half mile east of the McKenzie bridge at Macleod. George (Scotty) Welch was attempting to cross the river in a boat on a cable to his home on the Island, near the cemetery, when in some unaccountable manner the boat capsized, and the unfortunate man was thrown into the river, which being in very high flood, he was quickly carried away and drowned. H. Olmshank, who was on the bank of the river, and had helped Scotty to fix the boat on the wire cable, says that a rope that was being used, broke, which caused the boat to capsize in the strong current. The boat is still hanging to the cable, near the far side of the river. Search parties have been out looking for the body, but no trace of it has been found up to this time.

George Welch was 50 years of age, and was born at Kirkcudbright, Scotland.

The deceased came to Canada about 20 years ago, and on August 6th, 1914 was married to Ellen Tomlins, who, with two small children survives him. The deceased is also survived by three sisters in Scotland and two brothers in England.

Mr. Welch came to the Macleod district many years ago, and has farmed here continuously since.

about two years ago he moved onto the Island, where there is about a quarter section of land. About two weeks ago, when the river began to rise to flood dimensions, he moved Mrs. Welch and the two children into town, but left his stock at the farm, and he was going over to look after the stock when he met his death. Much sympathy is felt in the district for the bereaved family.

The deceased will be much missed by a number of the farmers at fair times, as he was a specialist in preparing and fitting horses and stallions for the show ring.

MACLEOD PLANS WELCOME TO CROSS CANADA FLIER—CAPT. DOBBIN APPROVES OF LANDING FIELD—LEAVES MONTREAL JUNE 28

The Vancouver aviator, Captain E. C. W. Dobbin, was a visitor in Macleod Wednesday morning on his way from the coast to Montreal. The purpose of his visit was to make arrangements for his stop at Macleod when he makes his record flight across Canada at the end of this month.

Mayor J. W. McDonald, K.C., and the president of the board of trade, H. C. Winter, showed him around this morning to find a suitable landing place. He was delighted to find a perfect landing place at the Kioto which is a large backwater on the north side of the river, just above the McKenzie bridge.

The new plane is being shipped from England, and Captain Dobbin's present plan is to leave Montreal on June 28 for Vancouver. The new plane is a two-seater, but Captain Dobbin will travel alone, the extra space being taken up with additional gas tanks, and so make it possible

EARTH'S APOLOGY

Pardon my peccadilloes,
Dear children; only look
At the way my golden willows
Lean to the laughing brook.
Forgive my frosts and blizzards
In this enchantment flung
By the winds of crookback wizards
That make old reverts young.
I am a surly mother
When the mood is on; but think!
Where will you find another
Who brings you Bobolinks?
—Katharine Lee Bates.

to cross Canada with only three seven hours from Macleod. He will stop, Sault Ste Marie, Winnipeg fly across the Rocky Mountains and Macleod. He will make Winnipeg through the Crow's Nest Pass, the first day, get a few hours sleep, Columbia and Fraser River valleys. Arrangements are being made in Macleod to give him a big reception when he arrives here on his record about six hours, and Vancouver in breaking flight across Canada.

New Issue

\$1,700,000

The Canadian Western Natural Gas, Light, Heat and Power Company, Limited

6% Participating Sinking Fund Preference Shares

Preferred as to capital and dividends. Cumulative dividends at the rate of 6% per annum payable quarterly March 1st, June 1st, September 1st and December 1st, by cheque payable at par at any branch in Canada of The Royal Bank of Canada, or in United States funds at the Agency of The Royal Bank of Canada in New York. Redeemable as a whole or in part at the option of the Company on any dividend date on sixty days' notice at 105% of par value plus accrued and unpaid dividends to date of redemption. In addition to the fixed dividend of 6% per annum, holders of Preference Shares shall be paid a further dividend of 1% per annum, in the event of the Company declaring and paying dividends at the rate of not less than 7% per annum on the ordinary shares.

The Company operates under the jurisdiction of the Board of Public Utility Commissioners for the Province of Alberta, which has the right to supervise operations of the Company's properties and to fix, determine and regulate rates so as to provide a reasonable return to the Company and ensure the sale of gas at equitable rates.

Annual Sinking Fund to commence December 31, 1930, for exclusive retirement of Preference Shares, equal to 2% of all issued Preference Shares.

There will be placed with the Montreal Trust Company for the exclusive retirement of the Company's 5% Registered Debenture Stock a sum equal to the par amount of all such Debenture Stock now outstanding. These Preference Shares, therefore, will be, in effect, the senior security of the Company.

For detailed information, we refer to the prospectus containing letter from Mr. C. J. Yorath, President of the Company, which has been summarized in part as follows:

The Company

The Canadian Western Natural Gas, Light, Heat & Power Company, Limited, produces and distributes natural gas for heating and industrial purposes to the cities of Calgary and Lethbridge and the towns of Granum, Claresholm, Macleod, Nanton, Okotoks and Brooks. The Company serves a population of approximately 35,000 and the number of consumers has increased from approximately 5,000 in 1913, to in excess of 15,000 at the present time.

Properties

The Company owns 21 producing gas wells, mainly in the Bow Island and Foremost gas fields. The Company has entered into an agreement to purchase substantial quantities of gas from the Royalite Oil Company, Limited (a subsidiary of Imperial Oil, Limited), which operates important wells in the Turner Valley.

Earnings

For the three years and three months ended December 31, 1926, net earnings available for dividends on Preference Shares and income taxes, as certified by Messrs. George A. Touche & Company, Chartered Accountants, Calgary, were at the rate of \$436,429 per annum—equal to over 2.8 times dividend requirements on all Preference Shares now outstanding, including those proposed to be issued.

The above earnings are after operating expenses, including maintenance and repairs, and after deducting an average of \$185,977 per annum set aside for amortization in accordance with Order of the Board of Public Utility Commissioners for the Province of Alberta, dated November 16, 1926.

Assets

Tangible assets of the Company, as determined by Board of Public Utility Commissioners for the Province of Alberta for rate making purposes, were valued, as at November 16, 1926, at \$6,192,440, or equal to over \$238 for each \$100 of par value of Preference Shares now outstanding and including those proposed to be issued.

Preference Shares

The authorized amount of Preference Shares of the Company is \$3,000,000, of a par value of \$100 per share, of which \$2,600,000 par value will be outstanding, including the shares proposed to be issued. Preference Shares are preferred as to capital and dividends, but they are non-voting, unless four quarterly dividends shall be in arrears.

Except with the consent of holders of 60% of all Preference Shares outstanding, the Company shall not permit the creation of any further mortgage or charge upon its properties to secure any issue of bonds, debentures or debenture stock, nor, except with such consent, shall the aggregate in par value of all Preference Shares to be at any time outstanding exceed 50% of the value of the Company's fixed assets to be determined upon the same basis as that fixed by the Board of Public Utility Commissioners for the Province of Alberta.

We offer these Shares for delivery if, as and when issued and received by us and subject to the opinion of our Counsel at:

Price: 97 and accrued dividend, yielding 6.19%

INSURE EARLY - IT COSTS NO MORE

ther are such as every man feels.

Those books that are written for a class or appeal only to the elect are not the classics of the world. They are superficial rains, you might say, and soon run off.

But great literature is like the whole sea. It is the cumulative spiritual gains of the ages, and every man may take some part of it for his own.

Mrs. Browning has said that no man can be called friendless who has God and the companionship of good books. Great books are like God in the fact that they appeal to the universal feelings of the world, and every man may use them as his own.

Those who write for some special class or for the initiated, or who seek in some way to perk their style out in a way that will appeal to a few have a limited reading. It is those who speak to the world that have a long life.

No men spoke to the heart of humanity as touched upon more universal themes than did Jesus and Moses. Much of the lasting qualities of the religions these persons founded is due to this universality of their appeal.

It is the common man who lasts. Democracy endures. Classes change and fall. Faiths come and go, but the eternal instincts of humanity are the same, yesterday, today and forever.

The more, therefore, that one can launch his craft out into this great sea of universal feeling and thought the more likely he is to endure. And the more he sails his boat in the rivers and byways of experience the more ephemeral he is.

POOL TO BUILD TERMINAL

The Alberta Wheat Pool will build a terminal elevator at Vancouver this summer with a capacity of 2,400,000 bushels. This will be the largest terminal on the coast. The cost will be \$2,000,000.

Plans for the structure are now being prepared and a start on construction will be made in July. The terminal will be completed in time to handle the crop of 1928.

With the completion of this structure the Pool will have control of over five and a quarter million bushels of terminal space on the Pacific Coast. Four million bushels of this elevator space will be in Vancouver.

The site for the new elevator was recently acquired in Vancouver Harbor, and is considered to be one of the best elevator sites there.

The Vancouver Sun says, in this connection: "These two million dollar elevator is Alberta's positive endorsement of Vancouver as a world port and the logical outlet for Western grain."

Membership Campaign Under Way
The drive for the sign-up of the Second Series of Wheat Pool contracts is under way and meeting Pool Rally was held in Calgary with splendid response. A Wheat

join to the commencement of the campaign. The Pool delegates, members of parliament, representatives of urban centres, and others, attended this gathering. Addresses were delivered by Premier Gardiner, of Saskatchewan, Premier Brownlee of Alberta, Hon. R. B. Bennett, K.C. M. P., Senator Buchanan, of Lethbridge, Mayor Bury, of Edmonton, Mayor Osborne, of Calgary, and C. O. Smith, editor of The Calgary Herald. In a series of splendid

speeches these men urged that the Wheat Pool movement be given generous support, in the best interests of all Alberta.

Premier Brownlee predicted success in the drive because of the great improvement in Alberta's prosperity following the formation of the Wheat Pool. Premier Gardiner predicted that those who looked for the Saskatchewan Pool to fail were in for a serious disappointment. Hon. Mr. Bennett said that the failure of the Alberta Pool to obtain a large sign-up would put agriculture back fifty years in this province.

OBITUARY

DEATH OF FREDERICK J. HALL

The funeral took place Thursday afternoon (today) from the United Church of Frederick J. Hall, who died at the Macleod Hospital last night. The services were conducted by the Rev. W. H. Irwin, pastor of the United Church, assisted by Mr. Hunter, Presbyterian Minister at Stand Off. There was a very large attendance of friends and sympathizers present, over 40 auto cars being in the funeral procession. The floral tributes were many and beautiful. The deceased has been

What's in a Name?

Would you buy canned goods that bore no label? Would you buy an automobile of unknown make, no matter how cheap? Nobody would be so foolish.

You get to trust a name or a label just as you get to trust a man, through satisfactory and honest dealings. That is why kitchen and household utensils bearing the SMP label are bought without question by millions of Canadians. The shield-shaped green and red SMP trademark is a guarantee of full value and best quality. The firm behind SMP goods is

POOL NEWS LETTER

Considerable progress has been made in the 1927 elevator program of the Alberta Wheat Pool. As a result of negotiations with elevator companies, forty-one elevators have

been bought this year. In addition thirty-seven have been contracted for where there are no existing facilities or where it is apparent the present owners have decided definitely not to dispose of their properties to the Pool.

With regard to the balance of the program, negotiations are still in progress. It is the confident expectation of the directors that the full program will be carried out in sufficient time to have all the houses available for the reception of grain at the beginning of the next shipping season.

The financing of these purchases and the new construction is being conducted entirely out of funds on hand as the result of the accumulation of the Elevator Reserve deduction of 2¢ a bushel from the proceeds of the sale of members' wheat in the last two crop years plus accumulation of deductions for Commercial Reserve covering the past three crop years which also may be used for acquiring of elevators, if required.

No promises of elevators on condition of a big sign-up of Second Series contracts are being made. Elevators are being built or acquired at points where deliveries have been heavy during the past three years. The heaviest contribution to elevator funds are obviously from those

points where the most wheat has been marketed.

Sign-up Drive
The machinery for the campaign to put over the sign-up of the Second Series of Wheat Pool contracts has been put in motion. The drive will start on Monday, June 20th, and it is planned to conduct a thorough canvass of the province.

The success with which co-operative wheat marketing in Canada has met during its brief history has won wide-spread admiration for the Pool organization. The possibilities for the future are vast. The great majority of Alberta people are interested in seeing a continuation of the Wheat Pool method of marketing.

The same reasons for the formation of the Wheat Pool in 1923 are applicable today. The Alberta farmer, without the assistance of the Pool, would be in a much worse position. The best interests of the entire province demand a continuation of the Pool system of grain marketing.

THE EMPRESS THEATRE CURRENT ATTRACTIONS

(Continued From Page One.)

passes Ypres, because it takes but one phase of the war, the "Old Contemptibles" and develops that by means of a good story, whereas Ypres was a complex of the entire war. It is a better war picture than "Big Parade," because "Mons" is not a parade at all, and is only usually a comedy. It is the grim everyday life of the war, pictured in the experiences of men, officers, battalions, right at the front in the daily turmoil of realities. The realism of this film is as remarkable as the simple humor and pathos and occasional agonies of its story. "Ypres" was interesting more to soldiers, "Mons" interest anybody. It does not overplay one feature of war at the expense of another. When you have finished with "Mons" you have felt all the heroisms along with some of its comedies.

—AUGUSTUS BRIDLE, Toronto Daily Star.

GENTLEMEN PREFER BONDS

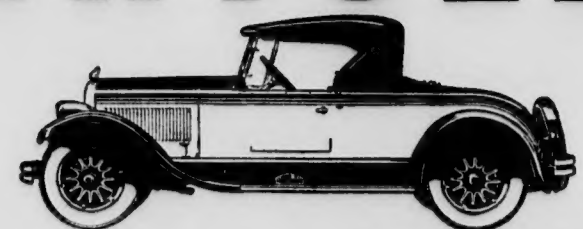

Six million dollars if she found the right man to marry—and then the man didn't want to marry her! See Doris Kenyon, Lloyd Hughes and Louise Fazenda work out that pert problem in the novel comedy-drama, "Ladies at Play," at the Empress Theatre Monday and Tuesday.

WHAT'S A SPINSTER?

One who spins, of course. That's the derivation of the word we use to denote an "old maid." Unmarried ladies used to spin flax from their hope chest. But now when they get to the doubtful age beyond thirty—well, see that rollicking First National comedy-drama, "Ladies at Play," at the Empress Theatre Monday and Tuesday, for their portraits!

'Tis a mark of culture so to your knocking before entering a friend's house, not after.

CHRYSLER

The Competitive Significance of Chrysler's Rise to 4th Place

27th—18th—then 9th—and now 4th place in volume in the industry! Such is the sensational three-year advance of Chrysler—on and upward to new heights of success.

Public preference for Chrysler products has thus been unmistakably expressed.

And, at the same time, are clearly evidenced the splendid sales achievements of the fine Chrysler dealer organization.

The public has endorsed Chrysler in the four great quality fields of the automobile market with its record breaking patronage—

First, because of Chrysler engineering and manufacturing genius.

Second, because of Chrysler performance, beauty, riding comfort, value and long life.

Third, because of the soundness of Chrysler Standardized Quality line of 36 body styles, priced from \$940 to \$4675, enabling Chrysler dealers to dominate the four great quality car markets.

LET US SHOW YOU WHY THIS CAR IS DIFFERENT

ANENT CLOSING ON SATURDAY, JULY 2nd

Realizing that this store has no shadow of excuse for its existence in this community except as an efficient distributor of food supplies, and knowing that it is a physical impossibility to do four days' business in one, and believing that efficient community service is a logical expression of genuine patriotism and good citizenship we wish to announce that we intend remaining open on Saturday, July 2nd, despite a misguided movement to close the stores of Macleod from Thursday, June 30th to Monday July 4th.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

R. J. E. Gardiner was a visitor to Calgary for a few days last week.

The Rev. Currie, of Coleman, was in Macleod for a few days last week.

Mrs. K. McKinnon, of Detroit, is the guest of her sister, Mrs. A. L. McKenzie.

Born-To Mr. and Mrs. O. J. Wood, on Monday, June 13th, at Macleod Hospital, a son.

Dr. O. Fansett was a visitor to Lethbridge attending a big dental convention held in that city a few days ago.

Miss May Fawcett left for Banff Monday morning last, at which place she has accepted a position for the summer.

Miss Irene Young, who has been visiting with her sister Mrs. W. H. Irwin, for two months, at the parsonage, returned to her home in Edmonton on Tuesday.

The gardens in Macleod never looked prettier, in fact it is many years since they have shown up so beautifully. Arthur Young, Macleod's leading horticulturist, has a wonderful show of flowers this season and it is well worth anyone's

time to visit his place at the east end of 22nd Street.

Mr. and Mrs. W. Kelly, of Calgary, were visitors to Macleod last week.

Wilton Dixon of the Pyramid Oil is in Macleod this week on business for his firm.

J. James, of the Winnipeg Films, was a business visitor to Macleod on Saturday of this week.

A. J. Lowry, of the Irrigation and Water Department, Calgary, was a Macleod visitor this week.

W. J. Watson, of Calgary, was in Macleod this week on his regular business trip for his firm in Calgary.

Walter Tomlins, brother of Mrs. George Welch arrived in Macleod on Saturday evening last to visit his sister.

The Arctic Refining Gas Company, of Lethbridge and Coult have unloaded a large gasoline reservoir tank at Macleod and will erect same with office buildings on a site at the C. P. R. tracks just west of the McLaren Lumber Company's coal sheds, upon completion of plant the

NOT EVERY COOK

company will place their products on the market at Macleod.

P. Tatham was a Claresholm visitor this week.

A large number of people visited the dam on Sunday watching the effects of the high water there.

R. F. Pritchard, of Saskatoon, was a business visitor to town on Monday and Tuesday of this week.

The Bright Municipality have now opened their offices in the ground floor of the former American Hotel on 24th Street.

Several good feeds of mushrooms have been secured during the past few days, but the lucky finders are not foreclosing their finding places.

The Lethbridge Cubs are coming to Macleod after the scraps of the local ball aggregation on Friday. Don't forget the first big league game at 6.15 on the local diamond.

The courts of the Macleod Tennis Club are every popular these days. They are almost constantly in use and there are many interested spectators. An American Knockout Handicap Tournament is now in progress. All friends are welcome to watch these events.

Sergt. J. A. Wright, of the R.C.M.P. who is supervisor of the Parimutual machines throughout Canada, was in Macleod for the week end visiting friends here. Sergt. Wright before his promotion to the present responsible position was stationed in Macleod for a number of years.

A. J. Dersch, of the Macleod Silver Fox Farm, has just received returns from London, England, of the sale of a silver fox pelt which he shipped there to one of the large fur sales some months ago. Mr. Dersch is quite pleased with the price he received, it being twenty-three pounds, or about 112.00. On looking over the prices realized on the enormous number of sales made that week, the above price was rather better than the average, which shows that Mr. Dersch's pelt was of a superior quality. Mr. Dersch started with one pair of foxes and one house, he now has four pair and four houses. His increase this year from two of the pairs is 12 pups, all healthy and in splendid shape. Naturally Mr. Dersch is delighted with his success so far, not only in receiving the above price for his first pelt, but also with his increase. He expects to have two or three pelts for sale this fall.

MYSTERY SHROUDS STORY OF MEN ADRIPT IN FLOOD

The report which gained circulation over the week-end that three men, seen drifting down stream on a raft in the Old Man River at Brockton, and who may have perished in the high water, remains something of a mystery. Provincial police officers have investigated and verified the fact that the men were seen and that cries for help were heard near the Lethbridge Northern headworks west of Macleod early Saturday evening. Nothing further is known, the Herald learned on making inquiries at divisional headquarters. No reports of missing men had been received at headquarters up to Tuesday morning.—Lethbridge Herald.

GRANUM

Misses Lois Lytle and Helen Jell, normal school students, arrived home recently from Calgary, intending to spend the summer at their homes and take up school teaching next term.

J. Swain and family left on Monday for Shelby, Mont., where they intend to reside in future, their two sons, John and Dick, having secured lucrative employment there for the last two years.

Chas. Carswell, attorney-at-law, purchased the recently re-modelled residence of J. Swain, and is intending taking up occupancy this week.

A number are already planning their summer outings, and among others Messrs. D. M. Leyden, R. Matheson and R. A. Macleod, with their families will motor through several states and will visit along the coast to Victoria.

REACH & COMPANY, Ltd.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

We have made up our minds and however ruinous it may be to go carefully over the stock, and put slow selling goods on the Bargain Tables, Show Cases and Window. By doing so it will give us fresh capital, thus enabling us to buy fresh goods from time to time. It certainly gives one the heartache to do so, for many of these goods are just fresh and the styles are what are sold in large cities. But the demand is for styles that are shown in Department catalogues. Many of the designs are fresh and eye compelling styles. We commenced this innovation years ago, and do not regret it. As our stock is fresh, clean and comprehensive the time is coming when the retail customer will hesitate in buying cheap styles that are very different from the cuts shown in the advertisement. We know of many instances where they have been returned. The sizes were not right, the leather more or less spongy or light and the width and fit disappointing. It is wonderful how ladies make use of the merchant. Many of them come and ask for a certain line or different lines and try on as many as a dozen pairs—just to get the true fit, width and shape. This gives them the certainty of getting what they order, and the fraction of a chance that the goods won't have to be sent back. The general man of business gracefully fall into the scheme and say "no trouble at all madam" when they say "these are just what I want, lay them by and I will call again and get them. It is not always the price, but a mania that possesses them."
